BrightSpring Health Services Announces Onco360® Selected as National Pharmacy Partner for Multiple New Cancer and Rare Disease Drugs

June 18, 2025

LOUISVILLE, Ky., June 18, 2025 (GLOBE NEWSWIRE) -- BrightSpring Health Services ("BrightSpring" or "BrightSpring Health Services") (NASDAQ: BTSG) is proud to announce that its specialty pharmacy, Onco360®, has been selected as the national pharmacy partner for several newly approved therapies in the treatment of advanced cancers and rare genetic disorders.

Onco360® will help provide access, education, data, and expert support for innovative treatments for patients diagnosed with advanced ovarian and lung cancers, as well as neurofibromatosis type 1.

"At Onco360®, we continue to partner with innovators and manufacturers to deliver groundbreaking medicines and therapies to patients facing serious, life-threatening conditions, giving them additional hope," said BrightSpring President and CEO Jon Rousseau. "We're proud of the rapid and pioneering work done every day by our specialty teams at Onco360® and CareMed pharmacies to expand care options and treatment alternatives for patients with cancer, rare, and complex disease."

Onco360®, a leading independent specialty pharmacy, has been selected as a pharmacy partner for the following medication therapies:

- **GOMEKLI™** is approved for the treatment of adult and pediatric patients 2 years of age and older with neurofibromatosis type 1 (NF1) who have symptomatic plexiform neurofibromas (PN) not amenable to complete resection.
- **AVMAPKI™ FAKZYNJA™ CO-PACK** is approved for the treatment of adult patients with *KRAS*-mutated recurrent low-grade serous ovarian cancer (LGSOC) who have received prior systemic therapy.
- **IBTROZI™** is approved for the treatment of adult patients with locally advanced or metastatic *ROS1*-positive non-small cell lung cancer (NSCLC).
